### To play the game

This game can be played outside with learners running to stand behind the correct answer or in a classroom with children voting for the correct answers with slips of paper with their names on or putting their hands up.

The instructions below are for the outdoor version.

1. Lay out the photos of the six species on the floor with enough space around them for the learners to gather.
2. Read out the facts one by one. Ask learners to run to whichever species they think the fact is referring to.
